

AFRICAN VACCINATION WEEK 2018

ALWAYS

Tell parents about the sickness that vaccines can stop.

Tell parents how to take care of any possible side effects.

Tell them the return date and show where it is marked on the vaccine card.

Tell parents about the importance of the vaccine card and to bring it with them for every visit.

Tell parents the importance of bringing the child to the clinic 5 times before reaching age 1.

Thank parents for their good care and give them encouragement to return for the next visit on time.
